

My sheep hear my voice,
and I know them, and they follow me:
And I give unto them eternal life;
and they shall never perish,
neither shall any man pluck them out of my hand.
John 10:27-28

You MUST Learn To Discern Before It's Too Late!

The Target scenario is pretty much the same for all of us in the early stages. First there is the realization that we have aggressive enemies surrounding us. We are all invaded, robbed, bullied, isolated, pursued & egregiously humiliated by the members of our corresponding cells. We are then purposefully led into 'discovering' (cough, cough) the Illuminati plot to forge a One World government. During this period of political enlightenment the Target will often seek out other TIs who serve to embellish the conspiratorial vision. This re-education period is a critical unraveling of the many false perceptions & assumptions upon which we depended for emotional security & stability throughout most of our lifetimes but, more importantly, it is the revamped set of conclusions that the one draws out of this painful awakening process that will ultimately determine whether future paths steer toward the coveted gateways of destiny or the tragic portals of fate. Allow me to explain.

Targets are in unanimous agreement with regard to the fact that our enemies are expert in the art of deception. The most crucial lesson we were supposed to have learned during the early stages of the awakening process is that you & I are very easily deceived & manipulated. ***Some people braced themselves for the next Satanic deception while others, sadly, did not.***

As a dog returneth to his vomit,
so a fool returneth to his folly.
Proverbs 26:12

The pervasive mantra of the Target community has been that every bizarre event experienced is directly & absolutely the result of a military project owned & operated by imperial Illuminati Satanists who have the technology to implant 'chips' into our brains & thereby control our thoughts & perceptions. This is certainly the view perpetuated by the Talkshoe community. Our enemies are delighted to take full credit for the phenomenon. Unfortunately, if you still believe this ***disinformation nonsense*** you are indeed doomed.

The Truth is that we are being scrutinized by entities the bible called 'Watchers', also known as angels or aliens. These beings are extra-dimensional to our world, yet intimately involved & highly interactive with our planet. Most relevant to you is the fact that not ALL of them are the enemies of humanity! Some of them are actually our allies & attempting to communicate to us the right rules of comportment to assist us in the walk out of this dangerous game-world scenario.

Common Target scenario: You respond to frustrating driving conditions with unbridled anger, becoming emotionally incontinent at which point you feel, think or even speak out your resentment. Haven't you ever coincidentally seen police car lights flashing at these times? If you are really heated maybe you've even heard the sirens blaring. This is to warn you that you are *sinning*. Your allies are attempting to prevent you from incurring an ever deepening karmic debt. Certainly it could have not been the NSA that sent those police cars to provide the unusually precise feedback to a temporal emotion!

What you have to learn is the art of communication with your allies so that they can indeed walk you to a place of safety. These are the 'spirits' spoken of in the bible, so great caution is required. Certainly, if you are a Christian you do not want to be led by a *familiar* spirit, but by the Holy Spirit sent by Christ. Metaphorically, the Spirit of Christ is also known as the 'wedding garment'. I suggest you start praying for yours immediately because 'nakedness' can be very dangerous in this wackiest of worlds.
